SQL Programming. I have experience managing a SQL database, creating custom SQL reports, and administering back-end and user-end modifications, over the course of 2 years (2011-2013) doing SQL programming at St. Michael's

College School. In conjunction with SQL, I was also working with Windows SQL Management Studio, and with the event management software, Artifax.

Audio and Video Editing. I am adept with the programs VLC, Audacity, Adobe Audition, Adobe Premiere, DaVinci Resolve, and QuickTime, and processes of noise reduction, compression, filtering. I can anonymize data (voice pitch alterations, as well as facial blurring in video data). Through my earlier work in technical theatre, I also have experience with microphones and AV equipment (projectors, etc.), further developed in field research use of cameras and recorders.

Other software. I am adept at and have taught others to use: Zotero, Mendeley, ELAN, Praat, Audio Hijack, Loopback, Handbrake, Scrivener, Adobe Creative Cloud software, Zoom, Microsoft software, Webex, GatherTown, Whova, Google software.

Languages. I am native in English, intermediate proficiency in French (B2), and high-intermediate proficiency in Swedish (C1).

2010. *J'Explore*, Gov. of Canada. Québec immersion program with L'école de langue français et du culture québécoise à l'Université de Québec à Chicoutimi.
